## Food allergies and intolerances

Please speak to our staff about the ingredients in your meal, when making your order. At UYARE, many of our dishes contain nuts or traces of nuts. If you have a nut allergy, please inform our waitstaff while ordering, and we will do our best to accommodate your needs by altering the cooking process. Although we take great care to debone the fish, there may be occasional traces of bones. We apologize in advance for any inconvenience this may cause.

Please note that while we offer many dishes that are made with ingredients that do not contain gluten, we are not a gluten-free environment. Cross-contamination may occur via air and other factors we can not control in a busy kitchen environment. We recommend you use your discretion when ordering if you have a gluten intolerance or allergy. Staff can advise further how certain meals are prepared to assist with your decision.
